STAT

**PROBLEM**

To secure funds for the purchase of private land in Okinawa.

**FACTS BEARING ON THE PROBLEM**

1. The Department of State has informally notified the Agency that it contemplates the purchase of approximately 42 acres of land near Kadena Air Force Base, Okinawa, on which dependent housing for both the Foreign Broadcast Information Division and the Voice of America is located.

2. The estimated total purchase price, including administrative costs, is \$26,710. The FBIS share has been established at \$10,400 for 19.25 acres.

**DISCUSSION**

1. It is the policy of the Department of State to acquire title in the name of the United States of America to private land wherever Department of State installations are constructed, a policy which has not been adopted by RYCOM for the military installations on Okinawa. However, the Office of the General Counsel expresses the opinion that the proposed purchase is legal and that sufficient authority exists for such purchase. (See TAB B)

2. The Department of State will provide the Agency a plot-plan clearly defining the interests and holdings accruing from such purchase which will become a permanent record thereof.

CONCLUSION

To insure retention of the land upon which FBID housing is situated the Agency should share in the cost of purchase thereof by arrangement with the Department of State. (See TAB A)

ACTION RECOMMENDED

That \$10,400 be made available to the Department of State and approval be given to purchase the land in question on the condition that a guarantee of continued occupancy by FBIS be furnished the Agency. (See TAB A)
